

NOWAR Whitepaper

NOWAR is more than just a crypto token; it's a movement powered by an organic community and governed by its Decentralized Autonomous Organization (DAO).

We believe and advocate for universal human rights and resolving conflicts throughout diplomacy.

We are not associated in any way to countries, political, religious, or financial institutions - **our strength to reshape the establishment comes from within.**

NOWAR and the Ethereum blockchain: Working Together

- **\$NOWAR:** Our ERC-20 token is the lifeblood and funding source of our community, freely traded on decentralized exchanges within the Ethereum blockchain. Holding our token grants you a say in the direction of the project. Even 1 \$NOWAR allows you to join and participate in proposals and DAO governance.
- **NOWAR-DAO - Community and Transparency:** Our DAO ensures that every voice is heard, with decisions made democratically and transparently. NOWAR-DAO is set to be developed in Phase 2 of our project. Check our roadmap for the latest updates!

Supporting Projects That Align with Our Values

The NOWAR-DAO supports proposals that are:

- **Non-violent:** Reflecting our commitment to peaceful solutions.
- **Law-abiding:** In compliance with laws and regulations.
- **Mission-driven and Community-Safe:** This includes online activism, artistic expression, or any activity that responsibly amplifies our message to a wider audience while prioritizing the safety and well-being of our community.

Building a Sustainable Future for NOWAR: Community Funding and Staking

- **Decentralized Community Fund:** 40% of the total supply is allocated to a secure treasury, governed only by our DAO. This ensures that funding decisions for impactful projects are made democratically by \$NOWAR holders and the board. Vesting calendars to be shared soon.

We stand for humanity.

We want NOWAR.
